Architectural Museum:

Read Mr. CLARKE's letter of 19 June 1863. Mr. Clarke that present arrangement of architectural CASTS was concurred in by Architectural Museum (Min. 3 January 1861). Casts will be better seen and consulted by the public, and for more hours than when at Cannon Row. Department would not be justified in exhibiting casts by gas-light, at public expense, but will consider additional lighting. S. 4.

Read report of Council, which proposes erection of a national museum of architecture, or museum of sculpture, under direction of a professional and amateur body: "the bureaucratic element is to be excluded, " which means that Parliament is to grant money to persons who are in no way responsible to Parliament; " the museum is to be in a central situation, and it " follows from these two propositions that it cannot " possibly have any connexion with the South Ken-" SINGTON MUSEUM." Further examination of the plan by the Department is therefore unnecessary. S. 20.

Above minute by Mr. Lowe, submitted to LORD GRAN-VILLE, and approved. S. 20a.

MR. COLE's notes upon report as to formation of National Museum of Architecture. Not necessary to continue the correspondence. S. 62.

Proposals acceded to by committee for loan for exhibition of specimens of decorative sculpture. ecture theatre may be used by the. A2 sec. 37.

Read Mr. Hope's letter of 11 December, and former correspondence. As the wishes of the committee of the architectural museum are not consistent with the local arrangements of the South Kensington Mu-SEUM, my Lords adopt the alternative proposed of returning all the casts. A2 mus. 86.

Inform Mr. BERESFORD-HOPE that iron building is about to be removed. Architectural casts cannot therefore be longer exhibited. Collection may however be packed and stored in out-buildings for a few months. 142.

Establishment, Science and Art Department:
Read proposed draft to Treasury dealing with following points:—Separation of Secretaryship of Department from superintendence of Museum to remain in abeyance. Abolition of Assistant secretary and alteration of Chief clerk's salary to be postponed. Abolition of Inspector-general for art conditionally approved. Inspector-general for science and permanent Art referees to be abolished. Salaries recommended for Official inspectors and examiners for science and art. Appointment proposed of two Inspectors of local schools in lieu of two present Art inspectors. Proposal that Staff clerks be placed on same scale as those of Board of Trade. Necessity pointed out that duties and estimates of Department and Museum should be kept distinct. Mr. Cole's salary to be increased. Appointment of three Superintendents of museum. Increase of Assistant keepers to 10. Reduction of Museum clerks to three. Improved salaries to Storekeeper and his deputy. Appointment of two Stores Clerks recommended. Fees of Royal School of Naval Architecture to be paid to Exchequer, and General inspector of school to become a permanent salaried officer. B² sec. 156.

FURNITURE. Read Treasury letter of 22 March 1864, requesting explanation of application of First Commissioner of Works for a sum of 4,300% to be taken in estimates for fittings, &c. for Science and Art Department. Articles required could be obtained with greater economy and promptitude by Department. Technical ability of Department. There are Parliamentary advantages in bringing into one estimate whole expenditure of Department. If Department provide its own furniture, &c., estimate could be reduced to 3,8001. T. 48.

The responsibility of the work connected with the Exhibition, and the duties placed upon various officers, no doubt disturbs the order of the current work of the MUSEUM and imposes a heavy strain upon its executive. This, my Lords hope, will be compensated for by the useful information gained and by the beneficial influence exercised by the Exhibition on the progress of industrial science and art. Their Lordships have reason to believe that the estimate (116,000*l*.) will be sufficient to defray all expenses connected with Exhibition. B² sec. 59a.

His assistance unnecessary as to special Paris Exhibition vote of 15,000l, because advice of LORD FOLEY, MR. A. W. FRANKS, and MR. J. WEBB, was afforded. As MR. Abolition of office of permanent Art referee.

Read Treasury report 1865, and letter 26 March 1866. Board minutes 3 and 18 March, and 27 April 1863. Time arrived for full re-consideration Various inconveniences result from present system. Office of permanent Art referee will be abolished. Competent persons (including Mr. Robinson) will be asked to act as Science and Art referees, as occasion may require. They will be paid consulting fees. Special minute will prescribe course of action when necessary to send one of them abroad. Inspector-general for Art will cease to act as Art referee. Send copy of minute to Treasury, and request that Mr. ROBINSON'S superannuation may date from 1 April 1868. He is to have notice from 1 January. C² mus. 27.
Draft letter approved. No personal imputation was in-

tended in Department's letter of 30 December, beyond statement that whilst travelling at the public expense he had sometimes purchased works of art for himself and for friends. Abolition of Art refereeships not directly based on personal considerations. It is proposed to employ him as occasional Art referee; hence he would

have entire freedom of action. C² mus. 36.

MR. ROBINSON thanked for suggestions, and informed that my Lords intend to pay for professional assistance. A2 mus. 162.

Read Mr. Pollen's report on progress and expenditure. Mr. Pollen to expend a further sum of 2001. A2 mus. 177.

Preparatory to publication of first proof, the prospectus is to be advertised. B2 mus. 20.

2l. 5s. 4d. to be paid for Art catalogue of Brera library, at MILAN. B2 mus. 36.

Proposal read that catalogue should be inserted in "Times," 30,000 entries would fill about 400 columns, and total outlay for printing at cost price would be 6,400l. B2 mus. 72.

MR. POLLEN to be paid at rate of 6d. per entry, from letter C to Z, both inclusive. B2 mus. 89.

Proofs inspected. Announcement to be translated into French, German, and Italian. B² mus. 129.
Publication in "Times" to be suspended. B² mus. 148.

Read offer of publisher of "Notes and Queries" to insert proofs if Department will subscribe for 750 copies, considered. Estimated cost 1,404l. Acceptance recommended by Mr. Cole and Lord President. C² mus. 5.

Mr. Pollen to be paid for editorship at rate of 300l. per annum, until 30 June 1868, after that date to receive 6d. per entry for C and subsequent letters when passed through press. C2 mus. 165.

Read Mr. Cole's memorandum recommending plan by which catalogue would be completed before end of

financial year at cost of about 6,208l. C² mus. 165a. Printing in "Notes and Queries" to be continued on terms specified, and be expedited as much as possible. Issue of quarterly part suspended. Economical arrangement to be made with Messrs. Spottiswoode for keeping type standing. C² mus. 170.

Inform Stationery Office that after letter C catalogue is to be printed, without waiting for insertion in "Notes and Queries." Send copy of Clowes' tender, ask if Stationery office could do it cheaper, and would undertake it. C2 mus. 216.

proofs. Mr. Pollen to receive imprests as work is

Read previous correspondence and letters from Mr. Thoms, Mr. Grüner, Mr. Greg, and tenders, Clowes and Stationery office. From D to and, catalogue will be printed by Stationery office, and cease to appear in "Notes and Queries." Mr. Cundall to carry out measures for presenting copies to subscribers

Read Mr. Cole's memorandum recapitulating action already taken by Board, and proposing continuation of printing by "Notes and Queries" for three years. Remainder of catalogue to be printed by Stationery office and published at office of "Notes and Queries."

Approved draft letter to Mr. Thoms. Printing of catalogue must be speedily completed. It will probably be double the size estimated in 1867, postponement of completion inconvenient to public and Department. Present mode of publication not most economical. Four or eight pages may, till completion, be issued in "Notes and Queries," right to publish separate supplements, printed by Stationery office, reserved. They may, however, be sold at office of "Notes and Queries." D²

Ask MR. THOMS for early reply to letter of 14th May.

Draft letter to Mr. Thoms, approved. Twelve pages (instead of four or eight proposed) may be inserted in "Notes and Queries." My Lords repeat that they reserve right to publish supplements, do not see the practical difficulties apprehended by Mr. Thoms. Department could itself publish supplements at cost price. Whole work should be completed by close of present financial year. D² mus 124 present financial year. D² mus. 124.

Read Mr. Thoms's letter of 25 June. may be inserted in "Notes and Queries," from present State 12 pages time to 31st March 1870, at present rate of payment. Ask what course as to supplements he wishes to adopt, and what number he estimates should be printed. D²

Read Mr. Thoms's letter of 30 June. Department will supply MS. of catalogue at rate of 12 pages weekly up to 31 March 1870. Supplements will be published by its usual agents, and supplied to Mr. Thoms at trade price. Advertisement to be inserted in "Notes and Queries" for four successive weeks, approved. D^2 mus.
